Twyla:

NOAA RC, on behalf of the LA TIG, is requesting EFH consultation on the Point Aux Chenes Island Road restoration project proposed by the LA TIG in their second restoration plan. Attached are a letter officially requesting EFH consultation, a BE form and an EFH assessment.

Please let me know if you have questions.

Thanks.
Christy

Christy,

The NMFS has no additional comments to make on the Point Aux Chenes Island Road restoration project proposed by the LA TIG in their second restoration plan. The proposed project is in an area designated as EFH. Impacts as described in the project proposal have been avoided and minimized to the greatest extent possible. This concludes EFH consultation with NMFS HCD.

Thanks you for your coordination,

Twyla
